

EZ-RJ45™ CAT 6 Plug and Crimp Tool

APPLICATION

The EZ-RJ45 CAT 6 Plug and Crimp Tool provides quick, cost-effective UTP wire terminations. The plug features openings that allow wires to be inserted and extended out of the front, providing increased performance, wire sequence verification, and no wasted connectors, crimps, or bad terminations. The crimp tool features a built-in cutter and stripper that crimps and cuts wires in one operation. It accommodates EZ-RJ45 plugs, and most standard RJ-45 and RJ-11 plugs. This craft-friendly tool features precision ground-crimp dies, a full-cycle ratcheting mechanism, and steel construction for strength and durability.

EZ-RJ45 CAT 6 Plug

FEATURES

- Clear housing for wire sequence verification
- Plug opening allows cables to feed through for crimp precision

DESIGN CONSIDERATIONS

- 8-conductor modular plug
- For conductors with OD range of 0.037 to 0.042
- Insert/extraction life: 1000 cycles
- Terminates both solid and stranded cable

PHYSICAL SPECIFICATIONS

Dimensions: See page two
Materials: Polycarbonate body
Phosphor bronze contacts

COUNTRY OF ORIGIN

CAT 6 Plug: USA
Crimp Tool: Taiwan
